## April Yard Sale

Several community members have asked for a group yard sale again. So we have agreed to do this on

**Saturday, April 8th.**

**Time: 6:30 a.m. until noon**

The ladies will be planning all of the details on Wednesday at their meeting. We will be advertising where appropriate. If you do not want to participate and you have tables or can lend a "watchful" hand to a neighbor, your help would be appreciated. So spring clean your home now and gather your items! If you have specific large items or collectors items you want to be included in the advertisement, let one of our board members know.

## Speaking of yards...

CZS Landscapes will be in the community testing the irrigation system and performing targeted lawn care until weekly mowing begins. If you have a lock on your back gate, please let Chase know if you would like them to access the yard to perform maintenance or blow off back patios. Target date for the spring aeration and seeding is the middle of March. We will send out an E-blast to let you know the exact date.

## Flag Display...

Many Americans proudly choose to display the US flag on special occasions or on holidays and it is great to see so many in our community. It is important to ensure the flag is displayed with the dignity and respect it deserves. There are extensive guidelines for displaying the American flag properly, for example, only display in good weather, never torn or ripped, and should have a light on it directly if displaying at night, just to name a few. You can look up the U.S. Flag Code for more details.

Please let Lou Ann or any board member know if there is information you would like to see or suggestions for articles in future newsletters.
